areas of expertise:

feasibility studies
operator search

Stefan Catic joined PKF hotelexperts in 2018 and is based in Vienna. In his present capacity as a Consultant, his consulting activities include feasibility studies and operator search primarily in European countries.

Before joining PKF hotelexperts, Stefan worked for DO & CO for two years in controlling & cost control. There he gained valuable knowledge in forecasting, cost optimization, as well as knowledge in organizing large-scale catering on the highest quality level. Stefan was also able to get first insights into the restaurant industry by working as Operations Manager in local life-style restaurants in Vienna and by carrying out several operational traineeships in luxury hotels in Austria. In his current role at PKF hotelexperts, Stefan is negotiating hotel lease, management and franchise agreements on an ongoing basis. His love for exploring the world and staying at the most trending hotels is invaluable for his role in the operator search department.

Stefan obtained his Bachelor's degree at FH Vienna in General Management and Entrepreneurship and has a Master's degree in Management from MODUL University Vienna.
